

Sometimes I wish we were 1 cause I miss the day when we 3

She don't care if I 1

Baby you know that I got you, I could never 1 you

We'll get in your car and you'll lean to kiss me.

We'll talk for hours and lie on the 1

Do you think about the 2 where we sat down

All I ever need is just to hear the 4
And feel it take right over me

I don't know what's worth 5 for

Thinking I 1 you cause you're perfect

Cause I'm back in this game, we can 7

Still ain't no reason that we waking up to 6
